On July 3rd 2011, the lives of St. Rita H.S. senior Billy Rehfeld and his family changed forever. Billy was critically injured as a passenger in a terrible car accident. Billy's injuries were not only life-threatening but life changing as well, as he sustained multiple broken bones (pelvis, left femur, right tibia, and right hand) as well as amputation of the left leg below the knee.

After many weeks in Christ and Hope Hospitals that included multiple surgeries and procedures, Billy is now facing a long recovery with extensive rehab at the Rehabilitation Institute of Chicago.

Billy is the 17 year old son of Peggy (Fasan) and Bill Rehfeld, and brother to Marty, Johnny, and Tommy. They reside in Oak Lawn. In addition to cheering on his favorite team - the Chicago White Sox, Billy's activities included working at the local Jewel after school and on weekends, participating as an altar server @ St. Rita, and Frosh / Soph. football at St. Rita. Billy also played grammar school football at St. Catherine.

In an effort to defray staggering medical costs and ensure appropriate medical care & equipment, friends and family of Billy & the Rehfeld Family are hosting the **BE THERE FOR BILLY** Benefit (details below). The benefit will include a silent auction, basket raffles, and much more. To accomplish our fundraising goals, **WE NEED YOUR HELP!** We are seeking your support in hopes that you would consider donating goods or services that can be used as prizes for the silent auction or raffle baskets. Any donation that you can offer towards the success of this event would be greatly appreciated. Monetary donations will also be accepted; donation information below. Thank you for your time and consideration; your generosity will change Billy's future.
